

INDIAN SOCIETY OF APPLIED GEOCHEMISTS (ISAG)

ANNUAL GENERAL BODY MEETING (AGM): 2012

22-24 February, 2012

The Annual General Body Meeting-2012 was sponsored by the Department of Geology, Centre of Advanced Study, Banaras Hindu University (BHU), Varanasi. In this connection, a two day National Seminar was held during the fifteenth AGM as per the convention on "Recent Advances and Future challenges in Geochemistry and Geophysics: the Indian scenario". Banaras Hindu University (BHU), Varanasi. and Indian Society of Applied Geochemists (ISAG), Hyderabad. jointly organised the National Seminar. The number of participants/delegates increased many-fold and the sessions were full with speakers from different organizations.

Prof. Mrinal K.Sen, Director, NGRI, Hyderabad was the Chief Guest and inaugurated the National Seminar. K. K. Dwivedy, President, ISAG presided over the function.

It was heartening that almost all research scholars, lecturers and delegates from related fields from the Banaras Hindu University (BHU) and other Universities from neighbouring states took part in the two day proceedings and AGM. Other Universities have shown interest to sponsor the future AGMs.

The following items were discussed in AGM and resolutions were passed unanimously.

AGM AGENDA

1. Presentation of Annual Report: 2010-2011.
2. Audited Statement of Accounts for the year ending 31 March 2011.
3. Adoption of Annual Report and Accounts.
4. Appointment of Auditor for the year 2011-2012.
5. Presentation of Awards.
6. Interaction among Delegates, Fellows and Executive Council.
7. Invited lecture by the Chief Guest. Dr. N.V. Chalapathi Rao
8. Any other matter with permission of the Chair.

Vote of Thanks.
